Submitter: Lynn Cole
On Behalf Of: Self.
Committee: House Committee on Housing and Homelessness
Measure, Appointment or Topic: SB1523A

I live in a 55+ manufactured home community and am in support of SB 1523A which is designed to bridge the digital divide for tenants and remove electronic barriers to housing. Many of my neighbors do not own a smart phone or computer. They depend on verbal and written communication to function with day to day life. The "old school" method of stamped mail, phone calls, written and in person communication is what they know and understand. These non-digital methods for communication need to continue as an option. Thank you.

Lynn Cole
