Committee: Senate Committee On Housing and Development
Measure, Appointment or Topic: HB4035

This is in support of HB4035.

I hope that the passing of this Bill will set builders and developers free to actually work with and help their community to the fullest extent of their capabilities.

Our communities need and have been crying out for more diverse housing options within their means, and daily destinations within their desired travel radius.

Unshackle Oregon cities from burdensome regulations so that people can thrive and breathe.
