

Submitter: Rune Strayd

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB1522

Dear Chair Pham and committee members:

I am writing today to ask you to oppose SB 1522-1. Here's why I hope you will:

SB 1522-1 removes one of the key pillars of Oregon's land use system: The "prioritization scheme" that ensures a balance between accommodating urban uses and protecting the state's amazingly productive farm and forest lands.

Today, if a city determines they want to designate urban reserves for possible future expansion of its urban growth boundary, the city must consider several factors and balance development and urbanization with preserving our farm and forest lands. This bill ends that balance in favor of sprawling urban areas.

Without the sideboards provided by this critical part of our land use system, we would see cities always expand onto farm and forest lands, rather than onto lands already planned and zoned for residential or commercial uses.

SB 1522, -1 upends many years of work recently completed by the Department of Land Conservation and Development and stakeholders resulting in the December 2025 Land Conservation and Development Commission adoption of rules implementing the Oregon Housing Needs Analysis.

I am also concerned about the potential harm the companies that may develop these lands can cause. I fear data centers can be built by companies who develop the land, and that threatens not only our water supply, but also will negatively affect the utility prices of Oregonians, making electricity more expensive than it already is.

Oregonians have always been proud of our connection to nature. We can't let big tech and the greedy take more and more of our beautiful forests. Buying local is important to many Oregonians. Our farmland continues to sustain us and show we

can support each other locally in sustainable ways. We must support our farmers and farmland the way they have supported us.

Thank you for considering my comments; I hope you will say “no” to SB 1522-1.

Sincerely,  
Rune Strayd
