Measure, Appointment or Topic: SB1522

When most Americans think of Oregon, they picture rich green farmland and mountains and coast. Unfortunately, in the nearly 30 years I've lived in Oregon, it has been one whack-a-mole after the other as speculators, investors, corporations, and even legislators have proposed projects that would damage or destroy those gorgeous Oregon scenes.

Please vote NO on SB1522 so that we can continue to protect our precious natural treasures, including our splendid farmland. We can build smarter and denser, the wiser economic long-term choice for Oregon.

Thank you for considering the public's comments.
