Hello - The Pulfrey's are a married couple that have been camping outside the works center and they have been homeless for a while. Here are the stats I took down for them. I told them I would try and help them. I've written a few agencies about 3 months ago and now sending info down to you.

I believe in The End + Prevention of Homelessness 110%. Tina I'm proud of you and the teams you have put together. Your sincerity is genuine. You smart and blessed. A good leader for Oregon and I'm glad you're here. I saw that we can apply to volunteer with you as "FRIENDS" is it? I'm praying about it. If I do, I hope you will have me as an Advisor. The Lord has been using me well. I'll be praying and talking it over with Him and let you guys know soon OK.
