HB4149

I am writing in support of HB 4149. When a child becomes unhoused, school can become the source of stability in their lives. They and all children are supported by a multitude of services available to them at their schools, counselors, nurses, teachers, friends, sports, extra activities. They need to be in school, and we need to make sure all schools are comfortable for students so they can thrive. Don't let children fall through the cracks. This bill provides the structure for ensuring that unhoused students' needs are met. Please use your representation to pass HB 4149, thank you.
