

Senate Committee on Housing and Development

HB 4128

I am writing in opposition to this bill.

This bill is the essence of the loss of personal freedom. Property rights are the cornerstone of our civil rights. Putting a restraint on anyone, including large property owners, is an injustice. Keep the Department of Justice out of our rights to purchase, hold, and sell property no matter who they are. This bill would only begin a precedence with this 90 day limit, leading to more meddling by the government. Including a penalty if not complied with is absurd. This is one more over reach of government.
