

Submitter: B Lemler
On Behalf Of: Rental Property Owners
Committee: Senate Committee On Housing and Development
Measure, Appointment or Topic: HB4123

This is ridiculous, you're making it so we cant even call references of applicants who want to live in our properties. These houses are MY property and you have no business telling me what I can and cannot ask or tell another property owner about someone who wants to live in my property, or wants to live in their property. This is an INFRINGEMENT on MY rights. I'm the one who has to keep the property in livable condition, I'm the one who pays property tax on it, I'm the one who pays the insurance on it, I'm the one who pays the mortgage on it, I'm the one who needs to keep this property safe for others in the neighborhood, yet you want to tell ME what I can and can't say or ask about the people who what to live there, or who did live there. Why do you INSIST on trampling all over MY rights????

You cry about not enough housing in Oregon, but you work like the devil to pass laws like this. These are the very kinds of laws that are killing the rental markets in Oregon. Vote NO on HB 4123
