Hello Chair Pham and Committee Members:

Thank you for your service to Oregon's land, waters, wildlife and people!

I appreciate Oregon's thoughtful approach to land use and I hope you will reject SB 1522-1.

In the time where corporations are taking over everything to bleed us dry for as much money as possible, we the peeps need to make sure the guardrails stay in place. Yes, there needs to be more affordable housing, however it must be made with designated lands and not on forests/farmlands.

This bill removes one of the key pillars for Oregon's land use system — the prioritization scheme. This approach ensures that when communities figure out where and how to grow with their Urban Growth Boundaries and Urban Reserves, they must consider a number of factors and balance development and urbanization with preserving our farm and forest lands.

Without the sideboards provided by this critical part of our land use system, cities would sprawl into farm and forest lands rather than onto lands already planned and zoned for residential or commercial uses.

SB 1522-1 also undermines the many years of work recently completed by DLCD and stakeholders resulting in the December 2025 LCDC adoption of rules implementing the Oregon Housing Needs Analysis.

Please reject SB 1522-1.

Sincerely,

Andrew Foukes
