House Committee On Revenue

Measure, Appointment or Topic:

SB1510

No, If I am expected to take course to keep my license for Oregon - then they should too. Just because you are an enrolled agent doesn't mean you are more experienced than I am in Oregon law. Then, if this does pass, I as a consultant should be able to hire anybody I want too to do data entry. Without the new Oregon requirements you have put into place. Correct???

I have to apply for my license on a yearly basis - is it racist to expect me to have to figure out how to keep my license ??? So I have heard anyhow per democrats.

Sorry, sore subject, Kathy

But answer is no!!!!!!
