Measure: HB3414

I strongly oppose this bill as written due to the language that will eliminate the ability of local jurisdictions to preserve our historic inventory. Such an ill-advised change in Oregon law will in my view further damage the economic viability of Oregon's cities and town.

HB 3414 will not increase the overall supply of housing, housing affordability, nor increase housing choice.

This extreme measure after implantation will erode political support for those who vote to pass this legislation and the Govenor, if she were to sign it into law.
