Measure, Appointment or  
Topic: SB83

I support SB83 even though I don't think it does enough to address the big problems with SB762 including the wildfire hazard map. It is absolutely not right to put the burden for wildfire costs on private property owners, hurt property values, and make it hard to insure your property. The state and federal lands are not managed properly anymore making them prone to worse fires. Both SB762 and SB80 need to be completely repealed. SB83 is a step in the right direction, but hopefully SB678 and/or HB3944 will pass. Please vote Yes on this bill.
