

Submitter: Mary Hoehna  
On Behalf Of: Blue Mtn Assoc  
Committee: Senate Committee On Energy and Environment  
Measure, Appointment or Topic: SB1034

Dear Legislators

I write in favor of SB 1034, it is a fix that is sorely needed as local control is of great importance. Oregonians feel we are losing control of our lives and land because WE ARE!

Siteing energy facilities may be a state function but should NEVER go against what local governments (COUNTIES) have determined is right for their own citizens.

Thank you,  
Mary Hoehna
