Oct. after my husband passed  
moved my trailer  
older park in Lebanon  
Oreg. My rent was \$450.00.  
Happy here purchased a  
manufactured home place of  
my camp trailer thinking I could  
enjoy the rest of my life here.  
After the owner of the park passed  
away the rent went up \$25.00 that  
wasn't park sold  
and within a year rent increased  
14.6% the next year it increased  
another 10%. I am on a fixed income  
and it takes almost  $\frac{1}{3}$  of my  
income just for rent.

I have to keep up the maintenance  
on my house and keep my yard  
looking nice. If my house need  
washed painted &

There improvements  
provided by the owners. Club house

up owners. They  
should part to make the  
park look nice.

If the rest keeps going  
I don't know what I will do. I  
be able to sell my home as  
homes in the park are not  
selling because of the high

price of rent  
I and do not have  
depend on my indoor chores
