Committee: House Committee On Early Childhood and Human Services
Measure, Appointment or HB3079
Topic:

Thank you very much for your service on the Early Childhood and Human Services Committee. Children and youth often find themselves in inhumane situations due to the actions and/or inactions of adults in their lives. Many do not have the resources to obtain basic human services such as food, shelter, clothing, education and medical care. Please act to show mercy to Oregon's future citizens.

Thank you
Jane Snyder
