Measure, Appointment or Topic: HB2967

I am a housing provider and urge you to vote no on 2967. Landlords screen housing applicants for their protection and the protection of the current residents of a community. This is a process that must be done by an independent organization and there is a cost involved. Screening fees are a cost to a landlord not a revenue stream. All costs of a business must be paid for the landlord to stay in business and this is certainly a cost that protects both the landlord and the existing tenants.

Vote no on HB 2967.
