Why am I not surprised? \$10 million for housing in a tiny piece of Portland. Why should the rest of Oregon allow you three to pick the pockets of all Oregonians? Why should people in Wasco or Baker County have to pay for an insignificant swatch of land near the PDX airport? There are plenty of NGOs taking money for people experiencing homelessness in Portland. Ask the, Non Governmental Organizations for money since they are in Portland and focused on Portland. The working people throughout Oregon should have a say in where their money goes. And they should get to vote on it. Period!

Bring it to a vote by the people of Oregon, we all know what that answer will be. SB 949 has been made public with all of its warts, let's see how it fares in the court of public opinion.
