Measure, Appointment or Topic: SB1095

I strongly oppose SB1095. This bill is government overreach and a violation of an owner's right to decide how and when to use one's private property. Penalizing a property owner because the government doesn't think they are using their property effectively is totally wrong. I encourage you to vote NO on this misguided bill and focus more on what is impeding the progress on building more housing units and removing the bad policies that have forced long-term rentals to become short-term rentals or no rentals at all. Please vote NO on SB1095.
