Measure: HB3446

Our family cabin burned to the ground in the September 2020 Santiam Canyon fire, We built this cabin over 60 years ago. It was a devastating loss to our family. We spent the majority of 2021 rebuilding the cabin personally as much as possible. It was a great many long days and weeks and months completing the rebuild. Having our property taxes reduced will be a wonderful assistance to us and we urge a vote to support this bill.
