Re: Support for HB 2968,

Chair Marsh, Vice-Chairs Andersen and Breese-Iverson, and Members of the Committee,

I'm writing today on behalf of the Metropolitan Mayors' Consortium, which represents the mayors of 24 cities in the Portland Metro Area—home to more than 1.7 million Oregonians. We urge your support of HB 2968. We also want to thank former MMC member Represenative Gamba for bringing this concept forward.

Cities face a stark funding reality when it comes to necessary housing infrastructure. Materials and labor cost what they cost, yet our property tax bases are structurally constrained by Measures 5 and 50. As such, System Development Charges (SDCs) are important tools for ensuring that vital city services like police and fire aren't cut in order to put pipes in the ground.

In an effort to get more of our friends and neighbors housed, many of our cities willingly defer SDC payments. Doing so puts our local budgets at risk, as there is always the fear that we won't be paid back. Making OHCS a guarantor for these optional city deferrals, as this bill does, provides our cities the confidence to start or continue offering those deferrals

Our cities remain your partners on the ground in helping to address our state's housing production shortfall. Ensuring our local governments have a backstop for getting paid for incurred SDC costs allows us to provide more cost relief upfront, particularly for providers of affordable housing. We strongly support passage of HB 2968 and thank Representative Gamba for bringing his mayoral expertise to this important issue.

Sincerely,

Chair Lacey Beaty, on behalf of the Metropolitan Mayor's Consortium
