Measure: SB611

Dear Chair Jama, Vice Chair Anderson and Members of the Senate Committee on Housing and Development,

I urge swift passage of SB 611. Four in 10 Oregonians rent their homes and are already paying some of the highest rents in the nation.

Keeping rent reasonable impacts me personally. I'm a single mother working full time and still barely making rent which has increased 2 times in the past year!! I don't qualify for any other assistance so I have to pay full rent out of pocket!!! I've also noticed that some landlords are taking advantage of the Rent Increase, using it as a means to force BIPOC residents out!! The city already has a severe homeless issue and this is why!! The Rent is already substantial for the area, what exactly is there reasoning for the constant increases!!??? I'm not the only Single mother struggling to have a safe stable place for my children and allowing landlords to increase at will, will only put more families on the streets!

Everyone in Oregon deserves safe and stable housing but our high rental costs and housing inequities are forcing families out of their homes. While the Oregon housing market provides skyrocketing property wealth for landlords, renters have nothing to fall back on when their monthly costs rise beyond their paychecks.

Very few people can afford a 14.6% housing cost increase. Getting an increase that high may as well be an eviction notice for Oregon renters.

SB 611 is a reasonable approach. Allowable annual rent increases for current tenants will be more predictable for current tenants and more homes will be protected. And between tenants, landlords can charge whatever the market will bear for vacant units.

SB 611 does not solve all the inequities in our housing market, but it is an important step to more fairness and is an essential element in the legislature's response to the state's housing and homelessness crisis.

Please vote yes on SB 611 to prevent more high-rent homelessness in our communities.

Sincerely,  
Shoretia McClendon
