Bend, OR

I am the Secretary at the VALINOR OXFORD HOUSE in Bend Oregon.
I have lived here since july 17th 2024.

I am OPPOSED to BILL HB 2239

The certification process and standards of oxford house incorporated should be held on equal footing as the NARR certification.

OXFORD HOUSE incorporated as a whole has given me my life back, and taught me how to live my life in a new, responsible, and clean way.

The Gratitude i express everyday is due to the oxford house showing me the love and has allowed me to spread the words of the oxford house manual. This is a big part of how the numbers of growth are continuously proving every day the importance of lives being saved.

I can stand today in my own truth, and i am a example of how the oxford house way has saved and introduced me into a new way of life.

I am forever grateful for OXFORD HOUSE incorporated!
