Jim Kean and Shane Lundgren need to give it up. There are countless disasters this would directly create. They have zero respect for our State or our natural resources. It's more than obvious they are solely looking out for their wallets and holding power. Lundgren is a disgrace to the Camp Sherman and Central Oregon community. Kean can keep his development in the city of Portland and away from our sacred lands. The devastation this would cause is endless. We're sick of it. We have been hearing about this and fighting about this for almost half of my life. Give up. Get out.
