

Submitter: J Carriveau  
On Behalf Of: NO CHILDCARE CNTRS IN APARTMENTS  
Committee: Senate Committee On Early Childhood and Behavioral Health  
Measure, Appointment or Topic: HB3560

**THIS IS A DANGEROUS BILL.** Having ability to zone farm land area for child care centers is ok, but allowing child care centers in an apartment is not SAFE for our children. A Child Care Center should have adequate square footage to allow for the children to play, rest, learn etc. and apartments cannot provide this! PLEASE AMEND THIS BILL TO EXCLUDE ALL MULTI DWELLING ZONED AREAS, for the sake of our children!
