Measure: HB3414

The proposed dash-17 amendment allows local governments to once again avoid rezoning land inside UGBs – the politically more difficult, but necessary, action – to allow more housing and to remove unnecessary local barriers to development. With 70 percent of all housing and all residential lands zoned for detached single-family housing – the most expensive and land-consuming type of housing – we can and must build better inside our UGBs, by allowing even more housing types and more affordable housing.

Please follow exciting law regarding rezoning. Protect our rural land.

Use available space inside UGBs more wisely!

Thank you!
