HB 2367 Public Hearing Establishes Oregon Right to Rest Act.

HB 2367 Oregon Coordinating Committee Poor People's Campaign: A National Call for Moral is supporting House Speaker Tina Kotek HB 3115 sit/lly on PUBLIC PROPERTY -- not clearly defined.

Please note: ...on public property that is open to public must be objectively reasonable as to time, place and manner with regards to persons experiencing homelessness. HB. 3115 should have been amended to prevent unhoused camping in tents and/or vehicles near Public and Private school property PreK - Grade 8. Since July 1, 115 Portland's Police Officers are leaving in droves. Their contract under review.

Stop the clock! In my humble opinion the unhoused individuals Camping and living in vehicles next to public and private PreK-grade 8 schools must stop. Immediate households near Sunnyside, Laurelhurst, and yes, Richmond have suffered beyond what those who live elsewhere can imagine.
