Re. City of Lincoln City Letter of Support for Senate Bill 866

Dear Members of the Senate Committee on Rules,

I am writing to express our strong support for the proposed Senate Bill 866, which would allow a third-party building official program. The City of Lincoln City understands how important building inspection activities are to protect public health, safety, and welfare. At the same time, as a small tourist destination with a small budget, we know how expensive it is hiring a full-time building official. I believe we should always make alternative options open for small cities to hire a third-party building official. Please vote in favor of this bill.

Thank you.

Lila Bradley
