Committee: House Committee On Housing and Homelessness

Measure: HB3501

I'm a small business owner in Eugene, and we get harassed by homeless people on daily basis, over half of them are violent, both me and my wife have been physically hurt by those people. And if this bill passes, the situation is going to get even worse. We are good tax paying citizens that have never broken a law, by passing this bill, you are giving those people more rights then people who are not homeless. Being homeless should not be an excuse for anyone to break the laws and endanger other people. And tax paying citizens should not have to endure homeless destroy our property and doing drugs and shitting or pee right in front our home or business. We pay taxes and follow the laws, and we should be able to feel safe on our own property, or in a public park(that was built by our taxe money).
