House and Homeless Commitee,
This is in regards to House Bill 3054.
I want to thank all our representatives
for getting this bill to where it is today.
When this bill is passed it will be
lifting a huge financial burden from those
of us who own our homes in manufactured
Communities.
Without this bill (3054) we would
unfortunately be added to the homeless
population in the very near future. For
some it will be next year. If the process can be
expedited it will be a blessing for those who
are already struggling financially
Prior to the sale of our 55+ community to a large
Corporation in 2021, space rent was \$525.00. We
now pay 761.95, that is a diffrence of \$211.95. I
know that does not seem like a lange diffrence
It is a huge burden when your fixed income
is only \$700.00 or a \$1000.00 a month.
Thank you. Betty Goldy
