

Submitter: Rich Rohde
On Behalf Of: Southern Oregon Housing for All
Committee: Senate Committee On Housing and Development
Measure: SB799

Senate Committee On Housing and Development members,
I am strongly urging you to support SB 799. As a long time member of the Housing
and Human Services Advisory Committee for a local
city in southern Oregon I have been deeply engaged in addressing our affordable
housing crisis. And as a parent of adult children who
are challenged by the extreme rents in southern Oregon I am pleased to see that this
bill SB 799 will be a fair but strong way to
a solution for the relentless gentrification and ruthless rent increases that plague our
community.

I also have experience with groups of manufactured home park residents who are
seeing the large rent increases for their land rent that
endangers a very large portion of our affordable units in southern Oregon.
This bill is a common sense response to rental fairness.

Thank you and please support SB 799

Rich Rohde 124 Ohio St Ashland OR 97520
