Measure, Appointment or SB75  
Topic:

It seems that this is the year to punish rural Oregonians. Enough if the crap bills that put more restrictions on those of us who are lucky enough to live on the same properties that our grandparents and great grandparents lived and put their sweat and blood into. Dwellings eventually need replacement or upgrades. We work hard to keep defensible space around all parts of our property. Your one size fits all computer model is seriously flawed. A big fat flaming NO on SB 75.
