Measure, Appointment or Topic: SB49

Dear Senators,

I oppose this measure. People in Oregon want what most Americans want. A real home for their family with a yard and a garage. We don't want to live in dense housing. This is something that should be organic with demand. We have plenty of land here in Oregon for homes. We don't need to take farmlands. Maybe the state should sell some of it's land to individuals. that would increase the supply. Maye the state, counties and cities should make the permit process more affordable.

Please vote NO on this bill.
