Topic:

James Nash from Enterprise, OR and I oppose this bill. I worked my whole life to afford a home and built one on ag use land that's been in my family since 1884. I'll work another 20 years to pay it off. If it burns down I want to be able to rebuild it in the same dimensions that it is now. This bill would prevent me from doing that. I've already jumped through every government hoop that was required to build this home. A mandate that I rebuild it smaller after a tragedy like a wildfire is unacceptable. I encourage you to oppose this bill.
