

Submitter: Jeremy Watson  
On Behalf Of: Oregon  
Committee: House Committee On Housing and Homelessness  
Measure: HB3501

The “ programs “ set forth decades ago were to help people. People who wanted help to continue to thrive as contributors to our community. I’m absolutely grateful for that, but those who don’t even try because they know they don’t have to I’m not ok with. This is about as ridiculous as it gets. During these times we have to think about the future consequences of this. The local businesses that will be affected. The local people and families as well. We all know there have been thousands of law enforcement involvement situations in the last year..... Let’s help those who truly need and want it. Oppose this bill.
