Measure, Appointment or Topic: HB2305

I am a 69 year old single woman on a fixed income.
The specter of eviction is always hanging over my head
because of excessive rental and utility hikes.
Our representatives should be introducing legislation
that helps people stay in their homes instead of bowing to the big landlords and
developers.
This bill is a thinly disguised attempt by landlords and developers to evict
hardworking Oregon citizens who are just trying to survive.
