Measure, Appointment or Topic: SB722

I support this measure as a resident of Portland, Oregon who just had their rent raised by nearly 12%. My residence is the place I live and also work, as I work remotely. I live in an apartment building that was built less than 15 years ago so my unit was exempt from their being any limit on how much my landlord was able to raise my rent in Oregon. My unit and apartment building did not get 12% better or anything to justify the price hike. This increase has lead me to have to move out at the end of my lease to find more affordable housing in my current situation.
