

Submitter: Aaron Carter

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

What do you think this will do for business and quality of life for all Oregonians?

Allowing people to camp in public areas and throw trash and use drugs and alcohol is not helping anyone especially the un-housed. This will push more people and business out of this state. We have to keep in mind the businesses and tax payers when considering things like this. If we loose more tax paying individuals and businesses who will fund the social programs. This is absurd. You have a public camping PROBLEM. The solution is not to make it worse.
