

Submitter: David Wall  
On Behalf Of: Mr Oregon oPOSES HB 3712  
Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: HB3712

I OPPOSE [HB 3712 A].

[HB 3712 A] is discriminatory per se.

[HB 3712 A] confers an economic benefit to those with a specific property and income net worth.

Everyone, in this case seniors meeting the established criteria set forth and incorporated into [HB 3712 A] can qualify for the property tax deferral benefit but, seniors who have a higher property and income net worth are not eligible for the property tax deferral benefits.

How are all Homestead properties categorized and net incomes of Seniors attached to said properties to determine eligibility for [HB 3712 A] benefits?

How are every senior going to be notified of the benefits described in [HB 3712 A]?

[HB 3712 A] is a mess.

Mr. Oregon Concurs and says, "Seniors should not have to pay property taxes. They have already contributed more taxes than others have to our state and nation and squeezing their remaining life's blood out of them is unacceptable. Further, "Death / Inheritance Taxes" should be eliminated."
