Measure, Appointment or HB2141
Topic:

As the life partner of an interior design professional who has faced the hurdles of project and career limitations created by the conditions that HB 2141-1 seeks to correct, I am writing to express my firm and strong support of HB 2141-1. As this bill provides a progressive, and long overdue means for clarifying the limitations of commercial interior design in the interest of public safety and accountability, it's recognition of NCIDQ certification supports and provides a necessary bridge between design professionals that also fosters the opportunity for connection and new business.

As an employee of Ankrom Moisan Architects, Inc. I urge you to support HB 2141-1 and move it forward this session.

Thank you,

John Eidman
