This bill, like many others submitted this session, only serves to degrade and undermine the Oregon citizens. This bill's motive is unclear in that it doesn't explain exactly who would receive the money for housing. A definition and accountability statement is needed for the tax payer to justify expenditures. There should be an audit of present expenditures and true transparency to citizens. I'm a fixed income retired person that over 10% of my social security goes to property taxes! I'm guessing, the massive amount of money will probably be coming from a tax scheme to bind Oregon homeowners into new taxes. I greatly oppose this tax.
