

Submitter: R Foster  
On Behalf Of: Citizen who participates in land use planning  
Committee: House Committee On Rules  
Measure: HB3414

May 10, 2023

Dear Oregon State Legislature,

I am opposed to HB3414 and commented to the bill in March 2023 in opposition.  
Please do not pass HB3414, as it is set up to destroy land use planning in Oregon  
and add more time and expense  
to all Cities Planning Departments for land use planning.

Municipal Comprehensive plans will be invalid and will need to be rewritten at cost,  
in all Cities by passage of HB3414. Citizens will have even less chance  
of participating in land use planning and City Council and Planning Commission land  
use hearings.

Please do not pass HB3414 into law.

Thank you, R.Foster Corvallis, Oregon.
