Measure: SB1012

Good Day

Being a fire Survivor and having lost everything I strongly support the Approval of this Bill. We all experienced the perfect storm: Covid, inflation, skyrocketing labor and building costs, shortage of product availability, continuing County permit and inspection issues and so much more. We are all at our breaking points. Now to make matters worse an increased tax would force many of us no other option than to sell our residences. All due to our past Governor choosing not to suppress the fire months ahead of the catastrophe. I pray those voting on this matter never have to endure what us survivors have had to.

Thanks for Your Time
