Committee: House Committee On Housing and Homelessness

Measure: HB3501

I am opposed to this bill. I am 74 years old and chose my place of residence based on security and privacy. I chose to live a life within the structure of society's rules and yet when others choose differently, I lose my secure livability. Why?

I should have more rights and protections as a member of society not less than non conforming persons. Mental illness and addiction must be handled, not housing!
