

Submitter: David Wall  
On Behalf Of: Mr Oregon OPPOSES SB 1086  
Committee: Senate Committee On Labor and Business  
Measure, Appointment or Topic: SB1086

I OPPOSE [SB 1086].

From the Text of [SB 1086], "...(e) Establish in cooperation and coordination with the State Apprenticeship and Training Council an apprenticeship program for building inspectors that meets the requirements set forth in ORS 660.002 to 660.210."

[SB 1086] will be another bureaucracy and will cost the Taxpayers dearly.

Oregon needs 'Trained Building Inspectors' to gain uniformity for code enforcement of the trades but there is 'No' budget allocation and or funding source(s) for even an 'estimation' of the cost for the program.

You blew it again.

[SB 1086] as written, a great idea but is irreparably flawed.

David S. Wall  
Mr. Oregon Concurs and says, "It is really simple; Great Idea, Budget Allocation and Funding Source(s) to get your foot into the Legislative door."
