

Submitter:

Patrick Leue

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB1522

This decision would curry favor directly with the least morally aligned developers in the state. They seek to make profit above all else. This lets their proformas pencil easier vs encourage responsive and responsible growth that truly builds community alongside housing. If there are barriers there then the state and other localities have it in their power to incentivize proper development, always have. This is an ill conceived, extractive, trash amendment that sells out soil for the sake of profit. Don't sell it as housing, we see through it clearly. And you have a responsibility to do better.
