

Submitter: Linda Peterson Adams  
On Behalf Of: Myself  
Committee: Senate Committee On Energy and Environment  
Measure: SB1518

Thankfully, SB1518 has come before the Senate during this short session. Coming from a rural area, I firmly support its being brought to the floor for consideration and endorse SB1518 as it permits municipalities and counties to adopt codes more stringent than the basic statewide building codes. In regards to mitigating the effects of climate change, every year matters, every action matters and every choice matters.
