Measure, Appointment or Topic: HB3644

HB3644 is going to harm everybody living in this state. Why should the tax payers of Oregon have to pay for a small few at a huge cost to maybe and I say maybe help a few. When I see this I can only think of DOGE and what they would have to say about it, someone is lining their pockets. Start with criminalizing drugs and lock them up and then move onto drug treatment programs that are already in place. Southern Oregon has many choices for drug treatment and with the current system it's a failure. We do not need another government ran failure!
