Measure, Appointment or Topic: HB3136

I oppose HB3136. Removing the requirement that there be no more than 2 real estate professionals serving on a city or county planning commissions is a bad idea. This could tilt the commission's decisions in favor of real estate interests over community interests. The current requirement ensures a fairer and diverse commission, encouraging thoughtful development while safeguarding the public's interests. Removing it compromises the integrity and objectivity that planning commissions are meant to uphold. Please vote NO on HB3136.
