

Submitter: Margaret L  
On Behalf Of: Myself  
Committee: Senate Committee On Housing and Development  
Measure: SB611

Myself and my husband have been landlords in the Portland Area since 1979 and have experience many changes to our rules and regulations to being a landlord in this city. Adding additional regulations after just having to deal with the Covid guidelines such a short time ago has increased our burden. It has made us consider not being a landlord any longer and just selling our desirable property. Please reconsider passing SB 611 to allow us to continue to be a landlord in Portland, Thank you for your consideration Margaret L member of Rental Housing Alliance
