Measure: HB3501

I oppose the Bill and would HOPE for a better alternative that provides services that use state/gov funded housing shelters and all the basic needs.

Instead of just letting people trash, use drugs and defecate in public; somehow, someway create a program that cares for these homeless people and their animals.  
I know it can be done.

This proposed Bill is a cop out.  
Just a bunch of buck passers.  
Not really doing anything at all for the benefit of others.  
Try harder, it pays off for All.
